Some people put on airs just to raise the wind.

The popular view of the relation of the blood to human character and conduct is marked in many a familiar expression. We speak of there being "bad blood" between people at enmity, of "blue blood" as indicating ancestry, of "black blood" as describing a treacherous nature, and in many another phrase mark our belief that in the mental, moral and physical man, "the blood is the life." The one basis of a healthful, happy and useful life is pure blood. With the blood pure, disease has no permanent lodging place in the system. For this reason the use of Dr. Pierce's Golden Medical Discovery cures every kind of disease which have their origin in impurity of the blood. It absolutely purifies the blood, carrying off the waste and poisonous matter, increasing the action of the blood making glands, and building up the body by supplying the blood in quantity and quality such as is essential to a condition of health. It cures ninety-eight people out of every hundred who give it a fair trial.
